

CALL FOR PARTICIPANTS

For a research study exploring restraint on young, Black patients in psychiatric hospitals in Ontario

We want to hear from you

- Black individuals in Ontario between the ages of 18–30
Who have:
- Experienced restraints* in psychiatric hospitals in Ontario

Tell us about your experiences accessing care in psychiatric hospitals and the use of restraints

*Chemical,
physical or
environmental

What will you be asked to do?

You will participate in a one 1-hour interview, either in person or virtual

Interested in participating?
