Invitation to Participate

We are pleased to invite you to partner with us for the **Alliance for Healthier Communities' Annual Conference 2026**, taking place on **June 3 and 4, 2026**, at the Sheraton Parkway Toronto North Hotel & Suites in Richmond Hill, Ontario.

Our 2026 conference theme; **Attachment for Everyone: Centring Health Equity in Ontario's Primary Health Care Expansion**, builds on the Government of Ontario's commitment to strengthening attachment, while recognizing true progress means more than just numbers. Attachment for everyone is about ensuring every person -- particularly those in equity-denied groups such as Black and racialized, Indigenous, 2SLGBTQ+, Francophone, and Rural, Northern, and Remote communities -- has access to high-quality, barrier-free primary health care. The conference will focus on collectively developing actions and steps to advance access and equity in primary health care, and to ensure attachment leads to meaningful, people-centred outcomes.

Our conference brings together more than 700 participants annually from across the health sector: clinicians, community leaders, policymakers, researchers, advocates, board members, and system partners focused on health equity. Together, we gather to exchange insights, showcase innovations, have a-ha moments, and discuss actionable ways to strengthen attachment, equity, and sustainability in primary health care.

This year, we are designing a conference experience that promotes collaboration, learning, and action among everyone in attendance. Attendees will explore bold ideas and evidence-based practices that translate into real-world change. This is your opportunity to highlight your organization's offerings and engage with leaders and practitioners from across the sector.

Sponsoring or exhibiting at our annual conference provides opportunities to:

- Connect with our large network of leaders, governors and staff who represent and are serving equity-deserving populations
- Demonstrate your organization's commitment to health equity for communities experiencing barriers to health, and show off your latest work to the sector's leaders
- Generate leads and build relationships with administrators, program managers, board members, and providers from multi-service health and social agencies
- Increase awareness about your organization through in-person connections and our wide social media reach

Please visit the conference page on our website at <https://www.allianceon.org/conference2026> for exhibitor and sponsorship information.

Thank you for your consideration.

Sincerely,

Sarah Hobbs
CEO, Alliance for Healthier Communities

About the Alliance

Alliance for Healthier Communities represents community-governed, inter-professional, comprehensive primary health care organizations. Alliance members serve diverse communities across the province and are rooted in the communities they serve. We share a commitment to advancing health equity through the delivery of comprehensive primary health care.

We are committed to seeing transformative change to the health system in Ontario. We exist to improve the health and wellbeing of the 3.5 million people in Ontario facing the most social and environmental barriers to good health, especially Indigenous people, Francophones, Black and racialized communities, isolated seniors, people with disabilities and mental health challenges, recent immigrants and refugees, people who are 2SLGBTQ+ and people living in Northern, rural and remote areas. Together with members and partners, the Alliance for Healthier Communities stands for healthier people, healthier communities, a more inclusive society, and a more sustainable health care system.
