Why sponsor or exhibit at our conference?

On June 12-13, 2019, join the [Alliance for Healthier Communities](#) and the [Canadian Association of Community Health Centres](#) in Ottawa for Community Health Connections 2019.

Our conference will bring together over 600 health care professionals, Indigenous leaders, researchers, physicians and community partners from across Canada to connect with and learn from each other.

Together we will shine a spotlight on Canadian health concerns, historical issues impacting health, shared advocacy and solutions to improve health and wellbeing. The two-day conference will explore various topics including: newcomer health, pharmacare, truth and reconciliation, community governance, cultural safety, housing and health equity.

Supporting this ground-breaking national conference is your opportunity to build name recognition, enhance trust in your organization, and engage with leaders and service providers in community health.

We hope you will consider joining us for this exciting event!
