

Pandemic Recovery and Chronic Disease Management: Primary Care for Adults with Asthma

Please join Ontario Health and the Lung Health Foundation for a webinar to learn from experts in the field about resources to support patients with asthma presenting in primary care

**August 19, 2021
12:00 p.m. – 1:00 p.m.**

[REGISTER NOW](#)

Objectives

At the conclusion of this activity, the participant will be able to:

- Outline data on health care use by patients with asthma during the COVID-19 pandemic
- Identify the components of high-quality care for patients with asthma and the priority gaps in care in Ontario based on Ontario Health's quality standard *Asthma: Care in the Community for People 16 Years of Age and Older*
- Recognize the alignment between the Asthma Quality Standard and the electronic Asthma Management System (eAMS)
- Explore how the implementation of the eAMS in a primary care setting during the COVID-19 pandemic can assist with quality improvement in asthma care
- Identify opportunities and supports to improve asthma care for their patients

Speakers

- **Moderator: David Kaplan, MD, MSc, CCFP**, Primary Care Physician; Chief of Clinical Quality, Ontario Health
- **Dr. Samir Gupta**, Adult Respiriologist, St. Michael's Hospital; Associate Professor, University of Toronto; Scientist, Keenan Research Centre, Li Ka Shing Knowledge Institute, St. Michael's Hospital; Co-chair of the Asthma Quality Standard Advisory Committee
- **Dr. Teresa To**, Senior Scientist, Child Health Evaluative Sciences, The Hospital for Sick Children; Professor, Dalla Lana School of Public Health; member of the Asthma Quality Standard Advisory Committee
- Speaker to be confirmed to provide a primary care perspective on the eAMS for asthma care quality improvement
- **Lung Health Foundation**

Who Should Attend

- Primary care providers and primary care team members, including nurses, respiratory therapists, respiratory educators, administrators, and quality improvement decision support specialists
- Ontario Health Team primary care leads
