

## Applying the Ontario Health Asthma Quality Standards for Children and Adolescents in your practice

Please join Ontario Health and the Lung Health Foundation for a webinar to learn from experts in the field about resources to support young people and/or parents of children with asthma presenting in the community

**August 12, 2021**  
**8:00 a.m. – 9:00 a.m.**

[REGISTER NOW](#)

### Objectives

At the conclusion of this activity, the participant will be able to:

- Outline data on health care use by patients with asthma during the COVID-19 pandemic
- Identify the components of high-quality care and key gaps in care for children and adolescents with asthma in Ontario based on Ontario Health's quality standard *Asthma: Care in the Community for People Under 16 Years of Age*
- Recognize how providers have adapted to virtual asthma care during the pandemic
- Identify opportunities and supports to improve asthma care for their patients

### Speakers

- **Moderator: David Kaplan, MD, MSc, CCFP**, Primary Care Physician; Chief of Clinical Quality, Ontario Health
- **Dr. Dhenuka Radhakrishnan**, Pediatric Respiriologist and Clinical Investigator, Children's Hospital of Eastern Ontario; Assistant Professor, Department of Pediatrics, University of Ottawa; Adjunct Scientist, ICES
- **Dr. Teresa To**, Senior Scientist, Child Health Evaluative Sciences, The Hospital for Sick Children; Professor, Dalla Lana School of Public Health; member of the Asthma Quality Standard Advisory Committee
- **Dr. Ryan W Smith**, BSc, MSc, MB BCh BAO, FRCPC, Consultant Pediatrician, Medical Lead Regional Paediatric Asthma Clinic, Chief of Paediatrics and Neonatal Medicine, Orillia Soldiers' Memorial Hospital
- **Lung Health Foundation (TBC)**

---
