

SERVICE PROVIDERS WORKSHOP SERIES ON FGM/C

Strengthen your understanding and knowledge of female genital mutilation/cutting to provide quality care and support to women and girls in Canada living with or at risk of FGM/C.

TOPICS

- 1) Defining the practice of FGM/C with sensitivity
- 2) Understanding the challenges related to culturally competent and sensitive care
- 3) Incorporating trauma-informed principles in care practice
- 4) Gynecological and obstetrical care of women living with FGM/C
